

Discover Eco-Friendly Escapes:

Queensland Coastal and Wilderness Sustainable Stays.

Enhance your journey along the breathtaking Queensland Coast with incredible lodges and retreats whilst embracing sustainable practices - a growing traveler's demand! Explore our handpicked itinerary of eco-friendly accommodations, taking nothing but memories and leaving nothing but footprints.

Narrows Escape Rainforest Retreat - Sunshine Coast

Aimed at the discerning guest, Narrows Escape is a boutique rainforest retreat, with lavishly appointed, self-contained villas including private plunge pools, nestled in pristine rainforest. The Villas are perfectly positioned to take in the natural beauty of the lush sub-tropical rainforest in private luxury. Sustainability features include wastewater recycling, rainwater harvesting, energy-efficient lighting, and on-demand gas hot water. Narrows incorporates biodegradable cleaning products and composting to reduce environmental impact. Sourcing food produce locally and supporting wildlife preservation, the retreat creates an eco-friendly haven amidst nature's beauty.

Rose Gums Wilderness Retreat - Atherton Tablelands

Luxury private pole and timber treehouses featuring spa-baths & fireplaces in the Cairns Highlands adjoining World Heritage listed Wooroonooran National Park in the foothills of Mt Bartle Frere, Queensland's highest mountain. This eco-tourist accredited retreat, with its own rainforest streams, waterfall and bush walks is an ideal getaway for couples and families. Since opening, Rose Gums has been committed to reforestation by planting over 25,000 mixed native trees and was declared a Nature Refuge by The Queensland Government Environmental Protection Agency. The retreat operates with sustainable electricity practices and sources water below the ground, providing clean spring water all year round.

Elysian Luxury Eco Island Retreat - Whitsundays

Nestled on the southern tip of Long Island surrounded by dense national park, rainforest, and the turquoise waters of the Great Barrier Reef lays Elysian Retreat. A place of barefoot luxury and indulgence where a small personable team passionately showcases 5-star service, and that luxury need not be compromised in the search for sustainability. Elysian Retreat is the first 100% solar-powered island resort on the Great Barrier Reef. Certified under the Ecotourism Program, the resort demonstrates its commitment to environmental and social sustainability. Operating with minimal environmental impact, Elysian conserves water, power, fuel, and emissions and employs special measures to protect the reef's health.

Daintree Wilderness Lodge - The Daintree

Daintree Wilderness Lodge offers boutique rainforest eco-cabins, nestled in the heart of the Daintree Rainforest. Each cabin has its own balcony, private boardwalk and skylight which allows you to look up into the fan palms. With a highly rated restaurant, outdoor spa and nature walk on the property, some guests never want to leave. Daintree Wilderness Lodge passionately protects the Daintree Rainforest through supporting rainforest preservation. Waste is managed through recycling and composting. With natural spring water and a Bio Cycle wastewater system and operating on a Stand-Along Solar Array, protecting rainforest health is a priority.

KEY

- Sustainable Waste Systems
- Environmental initiatives e.g wildlife and plant conservation
- Sustainable Water Conservation and Treatment
- Sustainable Power Production
- Sustainable Construction Practices
